

Lids for Curbside Recycle Bins

- Easiest lid to latch and remove
- Lids fit both 16 or 22 Gallon bins
- Made from durable HDPE

VENTED LID: keeps recyclables contained in the bin, prevents recyclables from spilling out when the bin is knocked over, vented lid prevents the lid from blowing away when removed

LID WITH ROUND OPENING: create an indoor recycling station for recycling plastic bottles and cans, customizable stickers available

SOLID LID: keeps recyclables dry, ideal for single stream or paper recycling

LID WITH SLOTTED OPENING: create an indoor recycling station for recycling plastic and paper, customizable stickers available
