

INTREPID™ 48" x 40" BULK BOX

Reduce Cardboard in Your Operations

Corrugated combo bins are prone to a variety of problems including leakage, shifting off the pallet during transport, debris and dust, and limited one-time use. Buckhorn's Intrepid 48" x 40" specialty bulk box solves these problems and more. It is the perfect addition to our extensive offering for the food and distribution markets. It's designed for a variety of industries including liquid, semi-liquid, powder, granular and food applications.

BZ4840461V

Now available with drop-door and bottom discharge configurations

- Heavy duty design – up to 2,500 lb. (40.5 cu. ft.) capacity
- 48" x 40" x 46" size equivalent to standard cardboard boxes
- Uses include temporary storage, work in process, incoming ingredients, and outbound shipments
- Injection molded design prevents leakage
- Drop-door provides better access to contents and improves ergonomics when installing a disposable liner.
- Collapsible panels are attached to the base eliminating shifting during transport
- Constructed of FDA approved polypropylene
- No splinters, nails and dust
- Secure stacking with or without optional lid
- Non-sequential folding panels assemble and collapse in seconds saving space in storage and transport
- Offers a 3.3:1 return ratio – up to 240 collapsed containers fit in a 53' trailer
- Easy to repair – no special tools or fasteners required
- 100% recyclable

PRODUCT SPECIFICATIONS

* Lid sold separately. If using a lid, add 0.9" to the external height and collapsed height of the box. Also, reduce the collapsed truck capacity to 210 boxes. Capacity is dependent upon application and use environment. Check with Buckhorn for suitability in your application. Specifications subject to change without notice. All dimensions are approximate.
