

STRAIGHT WALL CONTAINERS

INDUSTRIAL REUSABLE CONTAINERS

Straight Wall Containers – Stack-Only, Supply Chain Ready

Built for closed-loop shipping and in-process handling, Straight Wall Containers offer streamlined durability, protective stacking, and pallet-ready compatibility.

FEATURES:

- 1 **Bottom Style:** Smooth or reinforced cross-cube bottom designs available.
- 2 **Pallet Fit:** Containers cube precisely to industry standard pallets.
- 3 **Reinforced Structure:** Reinforced sides and bottoms enhance protection during handling.
- 4 **Interstacking:** Interworking sizes allow mixed stacking on a single pallet.
- 5 **Compatibility:** Compatible with other brands to expand your existing container system.
- 6 **Ergonomic Handles:** Designed to distribute load evenly across four fingers.
- 7 **Label Areas:** Textured label areas available on up to four sides for quick identification.
- 8 **Material:** Injection-molded HDPE resists impact, moisture, and most chemicals.
- 9 **Temperature Range:** Use in conditions from -20° to 120°F without compromising integrity.

PRODUCT HIGHLIGHTS:

- **Functional:** Optimized for stacked efficiency in shipping, and storage.
- **Durable:** Built tough for industrial workflows with reinforced sidewalls.
- **Compatible:** Mix and integrate with pallet and container systems.
- **Ergonomic:** Easy to lift, label, and maintain—even when gloved.
- **Sustainable:** Recyclable and reusable across long-term operations.
